MATERIAL / COMPONENT LEGEND

B01-B07: enclosed lower storage / two doors. F01: laminate deck. F02: canopy envelope.

W01/W02: solid laminate sides. W03: solid back. W04: central solid divider. Neutral finish is illustrative.

SP1-SP8: slender post proxies. SC1-SC32: clips under shelf corners. Hardware section and attachments not verified.

ASSUMPTIONS / UNRESOLVED

Shelf centers: 31, 42, 53, 64 above floor, aligned in both bays. Positions and clearances illustrative.

Shelf size is published; door thickness is NOT published. 1/4-inch door thickness is only a visual proxy.

Model clear bay width 28.875 derives from assumed 0.75-inch panels; do not call this a product measurement.

No load rating, engineering, installation detail, glass treatment, edgework or fabrication approval is asserted.
